Enlightened empowering Judaism... and more**

Vera Kofyan, Technion graduate in engineering with many years of experience working with people; teaching at colleges since 1996; certified Life Coach; Reiki healer; among the founders and a teacher at a dialogue education school; conducting seminars at organizations and plants; leading sessions in change processes; change facilitator; certified Law of Attraction practitioner; graphic design and website builder; a single mother... loves helping people.

The Power to Change

**Empowerment group sessions for all who wish
to make a change in their lives!**

Most of us aren't happy with something in our lives. It happens at any age, any marital, economic or social status; to men and women; to Ashkenazi or Mizrahi; in any profession. It could do with your marriage or relationship, kids, parents, environment, living arrangement, difficulties at work, money, health, retirement or anything else.

But all would do something about it. Some people are not even aware they *can* make changes in any area of their lives they'd like to change. Some resist and resent the very idea. Some are just afraid of changes.

This information is intended for those who wish to change something in their lives and think they are willing to take action to bring it about. To take the next step and help themselves out of the present situation.

Vera Kofyan invites you to step on a magical path of the discovery of ourselves and our inner power to change whatever we wish in our lives. To learn how to dream again, and manifest our dreams with the most important and powerful law in the Universe – the Law of Attraction.

The sessions are in small intimate groups of 10-15 people, in private residences or at a pool, club, country club etc. A minimum of 10 sessions are recommended, to achieve results. The course can be a wonderful birthday or anniversary gift, a great idea for group quality time with friends or colleagues. And it is the best gift you can give yourself, invest in yourself and the change you want.

Start making changes **today!** For details, contact:
